2 days later.

I am disbanding the guild. Makarov said

What. Lucy said

Ok. Everyone else said

1 week later.

Oh hey Lucy why are you still in magnolia. Mavis said

I am just walking around the ruins I heard in 2 weeks they will start to rebuild. Lucy said

How can you still see me the guild disbanded? Mavis said

I still have the guild mark. Lucy said

Lucy Heartfilia. Zeref said

Who are you? Lucy said

You look exactly like your mom and ancestor from 400 years ago. Zeref said

Ancestor from 400 years ago. Lucy said

Oh my name is Zeref. Zeref said

What do you know about my ancestor? Lucy said

We were friends same for your mom. Zeref said

What. Mavis said

Oh you don't know because your mom never told you why. Zeref said

What do you know? Lucy said

Anna had a plan to kill Acnologia to send 5 dragon slayers to the future. Zeref said

So. Lucy said

400 years later on July 7 x777 your mom opened the eclipse gate with 11 keys. Zeref said

What you need all 12 keys. Lucy said

I know but she used her life force to substitute the last key. Zeref said

Used her life force. Mavis said

I see you can channel your magic any were Lucy. Zeref said

Yeah so a lot of people can. Lucy said

Not just that you summoned 3 zodiac spirts at the same time then the king Lucy. Zeref said

How did you know that I did that? Lucy said

No one has ever summoned 3 and the king before I thought it wasn't possible Lucy. Zeref said

So. Lucy said

Don't you know that summoning 3 spirts is a forbidden technique. Zeref said

Why would summoning 3 spirts be a forbidden technique? Lucy said

Because everyone else who tried it died. Zeref said

What. Mavis said

What is it Mavis? Lucy said

Mavis that is a name I haven't heard in a long time. Zeref said

You know Mavis. Lucy said

It is a long story. Zeref said

Ok. Lucy said

Your ancestor Anna never did tell me her secret magic that she said is too unstable. Zeref said

Secret magic what are you talking about. Lucy said

She said if she start one spell there is only one spell to stop it she showed me the spell to stop it which the spell is a temporally black hole. Zeref said

A spell that can create a black hole. Lucy said

What is the other spell? Mavis said

Yeah what is the other spell? Lucy said

She said the longer you cast it the more powerful it is she said if you cast it long enough it could probably blow up a plant. Zeref said

It`s that powerful. Lucy said

What type of spell is it? Mavis said

I don`t know. Lucy said

She said she made it so the spell can only be used by her decedents. Zeref said

So only I can use it. Lucy said

Yeah only you can learn it. Zeref said

That is a type of spell that would get every dark guild after me. Lucy said

Yeah it is oh look at the time I have to go bye. Zeref said

Maybe there`s something about the spell at my old home. Lucy said

Maybe. Mavis said

I going home. Lucy said

Ok why. Mavis said

I am checking my mom`s favorite room in the basement. Lucy said

You are looking for that spell. Mavis said

Oh yeah one more thing to let you know the spell was code name 1040 and the black hole spell code name 1039. Zeref said

Why did I just hear zeref all the sudden. Lucy said

A few hours later at the mansion.

This is the basement. Mavis said

Yeah this is my mom`s study. Lucy said

So which book is it? Mavis said

I guess I will have to look through it. Lucy said

Ok. Mavis said

Ok spell 1001,1002,1003,1004,1005,1006,1007,1008,1009,1010. Lucy said

A few minutes later.

1036,1037, and 1038 no 1039 and 1040 but they are all super powerful spells and magic. Lucy said

What behind this door Lucy? Mavis said

Let me read what it says you must master the first 38 spells to get access to spell 1039 the black hole spell. Lucy said

Well that is going to take a while. Mavis said

Time to learn all 38 spell`s then my take a few weeks though. Lucy said

Ok I will be back in a few week`s then. Mavis said

How will you know when I learn all 38 spell`s Mavis? Lucy said

I will sense it. Mavis said

2 weeks later in the woods

Hey sixth master. Mavis said

First what are you doing here? Makarov said

Waiting for Lucy to master those 38 spells. Mavis said

Why? Makarov said

Then she can learn the 39th spell also known as the black hole spell once she masters the 39th spell she will be able to learn and master the secret 40th Heartfilia spell. Mavis said

Heartfilia spells what are those? Makarov said

There all super powerful spell that cast super-fast 39th spell is the only spell that can stop the 40th spell in existence. Mavis said

What kind of spell can only be stopped by a black hole? Makarov said

I don`t know Zeref doesn`t even know and he was best friends with Lucy`s ancestor's and mom. Mavis said

Whit what Lucy ancestor`s and mom knew Zeref. Makarov said

Yeah. Mavis said

Why didn't Lucy tell us? Makarov said

She just found out 2 weeks ago

A few weeks later

Finley I have mastered the 38 spells. Lucy said

Hey Lucy. Mavis said

It took me 2 days to master each spell. Lucy said

Let's see how many days that is 76 days it will be 78 days once I master 39th spell and 80 days once I master the 40th spell. Lucy said

Let's see if the door opens Lucy. Mavis said

Hey the door opened. Lucy said

Only they can. Makarov said

Yeah. Mavis said

The next day.

Well the 1st spell is infinite magic which gives you infinite magic power forever so you never run out and the 38th spell is

self-regeneration and healing like regenerate a hole limb I seconds or heal you a cut or broken bone and yes if I get stabbed in the heart up the neck and in the fore head it will heal. Lucy said

Wow time to open up the door to the 40th spell. Mavis said

Yeah the time has come. Lucy said

Let`s go in the door just opened because you touched it. Mavis said

There it is the 40th book let`s see the name the name to the 40th book is anti-matter. Lucy said

Anti-matter. Mavis said

Let`s read when matter and anti-matter mix it causes an expulsion the bigger the anti-matter the bigger the expulsion this spell lets you create anti-matter as big as you want but it take time to make it super big but it take seconds to get big enough to blow up a mountain top but don`t let it get to big.
